WINTER IS UPON US WITH LOTS OF OUTDOOR ADVENTURES WAITING FOR YOU. IF YOUR ADVENTURES IN SNOW INVOLVE THE MOUNTAINS, GORGEOUS WILDLIFE, AND UNFORGETTABLE MOUNTAIN MORNINGS, THE BACKCOUNTRY MOUNTAIN CLUB CAN HELP YOU EXPLORE THE GREAT OUTDOORS IN STYLE.

TO KICK OFF THE WINTER SEASON, WE'VE PUT TOGETHER A FEW GREAT EVENTS AND OPPORTUNITIES FOR YOU TO EXPLORE.

1. **CAMPFIRE CAMPING** IN THE MOUNTAINS
   - **Date:** January 1-2
   - **Location:** Colorado National Monument
   - **Details:** Spend a weekend in the mountains, enjoying the company of like-minded outdoor enthusiasts. Campfires, stargazing, and hiking are just some of the activities available.

2. **WINTER CAMPING SCHOOL**
   - **Date:** January 7-8
   - **Details:** Learn the skills you need to enjoy winter camping in the mountains. Participants will learn about gear selection, safety, and how to stay warm in cold temperatures.

3. **WILDERNESS FIRST AID**
   - **Date:** January 14-15
   - **Details:** Receive hands-on training in wilderness first aid, including CPR, AED use, and basic injuries. This course is perfect for outdoor enthusiasts who want to be prepared for any emergency.

4. **CPR/AED FOR OUTDOOR ENTHUSIASTS**
   - **Date:** January 21-22
   - **Details:** Learn how to use CPR and AEDs in an outdoor setting. This course is designed for people who spend time in the mountains and need to be prepared for emergencies.

**BPX TRIP REPORTS**

**Colorado National Monument Camping Trip**

There currently are no more 2022 BPX trips with openings, but watch the CMC calendar in case any winter trips open up. To close our 2022 season and the last few months of the year, we had the CMC Backpacking Section Trip Leader winner and Closer Award winner take to the mountains to participate in our winter camping school. Take a look at what they did, and see if you can make it next year.

**Winter is upon us with lots of outdoor adventures waiting for you. If your adventures in snow involve the mountains, gorgeous wildlife, and unforgettable mountain mornings, the Backcountry Mountain Club can help you explore the great outdoors in style.**

**BPX TIP OF THE MONTH**

Keep your phone alive in cold weather.

To keep your phone alive in cold weather, you need to keep it warm. Carry it in an inside jacket pocket close to your body. Also, change the battery frequently. In addition, your phone's onboard sensors can lose accuracy since they are calibrated to work best at room temperature. This makes your phone think it has less battery capacity even though its stored energy hasn't changed. In addition, your phone's onboard sensors can lose accuracy since they are calibrated to work best at room temperature. This makes your phone think it has less battery capacity even though its stored energy hasn't changed. **BPX APP DEVELOPMENT**

**BPX App Development**

Apple and Google both recommend an operating temperature range of 32° - 95°F for their phones. As we approach the cold season, keep this in mind when purchasing a new phone or charging it. Also, make sure to use your phone sparingly in cold weather to conserve battery life. In addition, keep your phone warm by carrying it in an inside jacket pocket or use a handwarmer when possible.
