Call for Volunteers!

The Denver Chapter’s Classification Change Committee is seeking to fill volunteer positions. We will accept volunteers on a rolling basis.

You can find more information on the classification change committee at www.Bobcats.org.

Want a Bobcats T-Shirt?

All of us Bobcats are volunteers. Our time and energy are free to those who wish to participate. We also seek a number of donations, including dollars, to help defray the cost of operations. We are not a non-profit and do not receive a government grant. Our costs are not tax-deductible. We do have a membership fee, which is $25 a year and all funds go to support the group. We do not have dues or elections and we invite all CMC members to sign up for any Bobcats trip.

The Rocky Mountains are a beloved wilderness area for many. We are privileged to have the opportunity to share the beauty and enjoyment of Colorado’s high country with the Bobcats. The committee is responsible for the application and review of all classification change requests. With over 1507 members at this time, the committee is feeling the strain and pressure. The committee is also finding it is taking too long to make a decision on the requests.

We are adding a process that allows us to take action on the requests in a timely manner. We will be reviewing the requests in batches of four. This will allow us to make a decision in a timely manner and allow the committee to have time to review the requests.

If you have any questions, please contact Roger J. Wendell, Committee Chair at rogerjwendell@mac.com.
