New Things to Know

CMC DIFFICULT TIMES

And it really is difficult. Staff have already been cut and now remaining staff time and pay has been cut by 25%.

In the 116 years since founding, the CMC has weathered a number of storms—two world wars, the Great Depression, the Spanish Flu, the Great Depression, the Vietnam War, and 9/11, to name a few. In fact, the CMC has been cut back 20% and now remaining staff's work time and pay has been cut by 25%. In the past, the CMC had something in common: the dedicated community. Now we are in a new storm: the current Coronavirus Pandemic. And we need your help. Will you help us weather this storm? Click here to Sign up CMC.

CMC Activities

With COVID-19 still in the picture, remember there are a good number of CMC trips, which can be found here. There is also an updated liability waiver, as this trip will have your participation, which can be found here. CMC continues to offer lots of opportunities to build skills and interact with others. Check the Calendar for Online Activities.

Bobcat Trips (Late June - July)

Susan Quechenberger

I have the good fortune to live in Golden, with many local paths and trails for walks and light hikes. But it made it easy to stay within the 10-mile radius, although I envy those in the suburbs who can follow the roads and trails to provide meaningful dialogue (and I'm sure the board will find a way to maintain this transition from bare branches to blooms and greenery — even if the board did not.)

Mark Wolf

It has been pretty quiet since mid-February but I have found a few things to do. I have been walking my new puppy every day on the trails around my house and in Golden. I have lost some weight. I have been reading up a storm and while before you see very many of them. Hang in there. Thanks.

Why are the Bobcats?

The Bobcats is a group of CMC members who are interested in making the most of their outdoor skills and love of the outdoors. We are a group of enthusiastic and dedicated individuals who are passionate about the outdoors and share a common interest in outdoor activities, particularly those that involve the use of physical fitness and endurance. We are committed to providing an opportunity for members to participate in challenging and rewarding outdoor activities and to help ensure a variety of opportunities for all CMC members to participate in these activities. Please contact us for more information or to join our mailing list.
