Photographing the Elusive Colorado Moose

About Alan:

During the week, Alan Lipkin is an ear/nose/throat specialist. When he has free time, he is often searching for and photographing Colorado wildlife, with special affection for moose. He will review zoology and distribution of these elusive animals and will give pointers for obtaining and modifying images of them.
Shooter’s Choice 2020
Volunteers Needed

For 2020, the CMC photography section is asking for volunteers to present Shooter's Choice.

Shooter’s Choice involves selecting a set of photographs from a hiking trip, vacation, or any outdoor experience and presenting them to the group.

As you are presenting each photograph, you can include why you liked the image, how you composed it, any challenges you encountered while taking the photo, and techniques that you used (e.g. tripod, time of day, filters, aperture, shutter speed etc).

It's not necessary to be an advanced photographer to present a Shooter's Choice. All skill levels are invited to participate. It’s optional, but you can ask for feedback from the advanced photographers in the group. It's a great way to improve your photography skills.

We look forward to seeing your photographs.

Please contact Karen Theesen at Rmhfun@hotmail.com if you are interested.
