Aug. 11th Meeting
Jao van de Lagemaat

Join us for a presentation by member Jao van de Lagemaat.

Sunrise and Sunset Photography
In this presentation, Jao will discuss ways to improve your sunrise and sunset photography as well as times just before and after such as golden hour and blue hour photography. He will discuss logistics challenges and solutions and how to previsualize your images using tools you can find on the internet and in apps as well as how to predict cloud conditions that might be ideally suitable for getting the most spectacular images. He will also discuss techniques to employ in the field and how to post process images shot in sometimes extreme conditions.
This month’s meeting will be via Zoom

IMPORTANT: This meeting will be held via Zoom.

Presentation will start at 7 pm.

Use the link and dial-in information provided in the CMC photo section email to join the meeting.

Critique Image Questions

Questions to answer for each critique image:

- Why did you photograph this image?
  Be specific, such as:
  - I thought it was beautiful because...
  - I wanted to express...
- What challenges did it provide?
- How did you overcome these challenges?
- Which challenges didn’t you find a solution for?
- What would you do different next time, if anything?
- What would you like critiqued or information about?

For each image, it may be helpful to write down your answer for each question.
The photography group is diverse, with numerous photographic interests and skill levels. We are looking for presentations about any interest at any skill level. The concept of Shooter’s Choice is to learn about both photography and the lessons learned on our unique photographic journeys. This may include photos from a single day trip, a vacation, or decades of experience, but should primarily address the photography performed along the journey. Presentations may last 45-60 minutes. It may be single person’s work or a group of people may split that time.

A Shooter’s Choice presentation involves selecting a related set of photographs to discuss. These need not be polished photos. They may address an exploration of one subject, an experiment, an attempt to solve a problem, or the key results of your learning curve through your journey.

The presentation may include:

1. What you liked or disliked about the photos and what you might do differently next time.
2. How the photograph was taken (if pertinent include camera mode, lens, focus, depth of field, ISO, shutter speed, etc.)
3. What challenges you addressed, and the successes and failures you had.

Your Shooter’s Choice can be a great way to improve your photography skills and meet people with like photographic interests. We look forward to seeing your photographs!

If interested, contact Selma Kristel at hikerselma@gmail.com. If you would like more information or assistance with your Shooter’s Choice, please contact Dan Orcutt at orcutt.cmc@comcast.net.

As Colorado continues to alter restrictions surrounding COVID-19, the Colorado Mountain Club has altered its offerings with adjusted protocols to address COVID-19.

lightstalking.com Tips and tutorials, feedback, and downloadable photo goodies.

essential-photoshop-elements.com Photoshop Elements 13 tutorials by Rick Peterson

divephotoguide.com Contains photos, trips and photo techniques by Matt Weiss. While it is written for underwater photographers, it is quite well done and some of the information is universal.

lenscratch.com A very good comprehensive website about photography. They have a new photographer every day, plus much more, including online exhibitions that you can be a part of, links to other websites, and shows to enter. It has constantly rated as one of the best websites for photography in the world.

photoeye.com/bookstore/index.cfm Photoeye Book Store, a great site about all sorts of photo books, one of the best for this subject.

muybridgeshorse.com Muybridge’s Horse is a newer website devoted to animal photography and art. The young woman who started it went to school at CU.

newlandscapephotography.com New Landscape Photography is just that—a site about landscape photography. It has a new photographer once or twice a week and is also a Facebook group where anyone can upload photos.
