CMC Mountain Fest - Volunteers Needed

The Photography Section will be represented at the 2022 CMC Mountain Fest.

We are looking for photo section volunteers to participate on September 24 from 10AM - 7PM. Please consider staffing our table for a couple of hours, reply to Frank at fburzynski@comcast.net with your availability.

We plan to have a couple of laptops with slideshows running. Selma will bring some promotional items we have used in the past. Please be willing to provide fresh ideas (interactive in nature if possible). Previous years we have gotten good exposure at this event and as a result added to our membership.

Here are some notes from the event organizers:

Expectations & Requirements:

- 10AM - 7PM tabling (We recommend breaking the day into multiple shifts!)
- start & end times subject to change
- Minimum of 2 representatives at a table at any time
- Interactive table activity:
- Each table is required to bring along an interactive activity to engage the people stopping by. This can be a game, trivia wheel, challenge, the creative liberty is all yours!
Volunteers Needed

Currently, the Photo Section needs members for the following tasks:

1. Technical support at meetings to include laptops, projectors and their interfaces
2. Emcee meeting to mention section business, activities, and introduce the presenter
3. Enlist presenters for future meetings including shooter’s choice
4. Lead photo outings and hikes
5. Publish monthly newsletters
6. Manage section Facebook page
7. Post monthly meeting to CMC calendar.

Please email orcutt.cmc@comcast.net or fburzynski@comcast.net if you’d like more information or would like to volunteer for one of the above roles.

Tech Savvy Trip Leaders Needed

The Denver Group needs a few tech savvy trip leaders to help with some ongoing training/support/mentoring of your fellow trip leaders as we all go through the process of learning how to use Olympus (the new CMC website).

These mentors will work with Jeff Flax and Scott Kramer, who are leading the training efforts in conjunction with CMC staff. Primarily mentors will be asked to answer written questions from trip leaders about creating a test account, creating/editing/closing a trip, managing a roster, and creating routes & places, all of which you will be fully trained. We anticipate the mentoring to begin in June and go until August when Olympus is scheduled to go live.

The more volunteer mentors we can get the lighter the load, so we are looking for at least 1 or 2 from each of our Denver Group sections.

Please contact Scott Kramer at skramer1016@gmail.com, if you can help with this important project!
The photography group is diverse, with numerous photographic interests and skill levels. We are looking for presentations about any interest at any skill level. The concept of Shooter’s Choice is to learn about both photography and the lessons learned on our unique photographic journeys. This may include photos from a single day trip, a vacation, or decades of experience, but should primarily address the photography performed along the journey. Presentations may last 45-60 minutes. It may be single person’s work or a group of people may split that time.

A Shooter’s Choice presentation involves selecting a related set of photographs to discuss. These need not be polished photos. They may address an exploration of one subject, an experiment, an attempt to solve a problem, or the key results of your learning curve through your journey.

The presentation may include:

1. What you liked or disliked about the photos and what you might do differently next time.
2. How the photograph was taken (if pertinent include camera mode, lens, focus, depth of field, ISO, shutter speed, etc.)
3. What challenges you addressed, and the successes and failures you had.

Your Shooter’s Choice can be a great way to improve your photography skills and meet people with like photographic interests. We look forward to seeing your photographs!

If interested, contact Selma Kristel at hikerselma@gmail.com. If you would like more information or assistance with your Shooter’s Choice, please contact Dan Orcutt at orcutt.cmc@comcast.net.
