Shooter’s Choice Volunteers

The photography group is diverse, with numerous photographic interests and skill levels. We are looking for presentations about any interest at any skill level. The concept of Shooter’s Choice is to learn about both photography and the lessons learned on our unique photographic journeys. This may include photos from a single day trip, a vacation, or decades of experience, but should primarily address the photography performed along the journey. Presentations may last 45-60 minutes. It may be single person’s work or a group of people may split that time.

A Shooter’s Choice presentation involves selecting a related set of photographs to discuss. These need not be polished photos. They may address an exploration of one subject, an experiment, an attempt to solve a problem, or the key results of your learning curve through your journey.

The presentation may include:

1. What you liked or disliked about the photos and what you might do differently next time.
2. How the photograph was taken (if pertinent include camera mode, lens, focus, depth of field, ISO, shutter speed, etc.)
3. What challenges you addressed, and the successes and failures you had.

Your Shooter's Choice can be a great way to improve your photography skills and meet people with like photographic interests. We look forward to seeing your photographs!

If interested, contact Selma Kristel at hikerselma@gmail.com. If you would like more information or assistance with your Shooter’s Choice, please contact Dan Orcutt at orcutt.cmc@comcast.net.
